

## Intentional Growth Plan (IGP)

*“If you do the things you need to do when you need to do them, then someday you can do the things you want to do when you want to do them.” John C Maxwell*

*Leaders become intentional in their growth by identifying what they want to learn and putting together a plan to help them learn it. Follow the guidelines below to create your own IGP*

- 1. D – Determine what you want to learn.** Take some time to think about the areas of your life and the concepts that you’d like to grow in. What specific area would you be interested in growing?

---

---

---

- 2. A – Assess your capacity.** On a scale of 1 – 10, how proficient are you currently in this area of growth? Would others agree?

---

---

---

- 3. I – Identify action steps.** What specific actions could you take to grow in this area?

---

---

---

- 4. L – Live the actions daily.** Of the above actions, what could you do on a daily basis to grow in this area?

---

---

---

- 5. Y – Yourself hold accountable.** How will you hold yourself accountable? Who will you report to?
